Company and qualification

CONTOSO FICTIONAL DEMO - approved content for this scenario only.

Source-ID: KB-QUAL | Version: v2 | APPROVED | Effective: 2026-10-01 | Scenario: 2026-10-13

Section 1

Scope: Contoso Network Services is the fictional bidder for hardware supply, design and controlled deployment at twelve Woodgrove sites in the US. Bank systems and payment processing remain the bank's responsibility.

Section 2

Governance: engineering, service operations, security, privacy, legal and commercial review are separate functions. Only an authorized signatory may bind the company. This package has no signature or approval.

Section 3

Evidence limits: no audited accounts, permitted bank references, named staff credentials, insurance policies, sanctions audit, accessibility audit or environmental certificate are included. Request evidence; do not invent names, limits or certifications.
